

## 4.3 GM uPVC PIPES

GM Cables & Pipes (Pvt.) Limited brought excellent quality and economical uPVC pipes for its valuable customers. These uPVC pipes are self-extinguishing, tough and durable, made up of pure imported materials and that's why they are long lasting. There are two types of economical uPVC pipes for the transfer of waste and sanitary water discharge system, both of them are given below

### SEWERAGE PIPES

Nominal Size	Outer Diameter (mm)		Wall Thickness (mm)	
	Min	Max	Min	Max
1 ½	42.1	42.4	1.70	1.85
2	60.2	60.5	1.90	2.00
3	88.7	89.1	2.10	2.20
4	114.1	114.5	2.25	2.45
5	142.1	142.6	3.20	3.50
6	167.1	167.6	3.80	3.90
8	218.8	219.9	4.3	4.5

## SUPER SEWERAGE PIPES

Nominal Size	Outer Diameter (mm)		Wall Thickness (mm)	
	Min	Max	Min	Max
3	88.7	89.1	2.80	3.00
4	114.1	114.5	3.10	3.20
5	142.1	142.6	3.70	3.90
6	167.1	167.6	4.00	4.10
8	218.8	219.4	4.8	5.0

**Note:** Both Sewerage & Super Sewerage do not have compliance with any standard. They are made according to customers/market requirements.
